OUR SPIRITS COLLECTION is at the heart of the Multnomah Whisk{e}y Library. It is diverse, with an emphasis on whiskey, and also comprises an extensive selection of cognac, tequila, mezcal, rum, amari and liqueurs among others. The collection ebbs and flows with time and the changing tastes, interests, and values of our people. It spans dozens of countries and represents the traditions and cultures of hundreds of regions. With over 2,000 bottles, you could try a new spirit every day for the next five years, and there would still be more to discover.

Whether you are interested in the arts of distillation, the interplay of textures and flavors in a well-made cocktail, or are drawn to the history, stories or ethos of your favorite spirits makers, we invite you to connect to the collection in your own way.

THE FOOD Our menu celebrates the bounty of the Pacific Northwest with an emphasis on seasonal ingredients. We commit to featuring ingredients sourced from local purveyors, farmers, and ranchers whenever possible. We source artisanal goods from eco-friendly businesses as well as wild seafood and quality cuts from ranchers who care about humanely raising animals while preserving the health of the farm and pastureland. The menu offerings showcase regional American cuisine and are thoughtfully designed to complement and enhance the spirits collection.

IT'S TRUE - INSPIRED THINGS HAPPEN OVER A DRINK

HOSPITALITY Our members and staff enjoy a familiar and trusting relationship. The key to this relationship is a comfortably flowing dialog rooted in mutual respect and appreciation. We check our egos at the door and leave the stress and bustle of the outside world behind so we can relax and enjoy our time together.

We celebrate with you the big and small wins of the everyday and collaborate with you in marking grand occasions with grand gestures. Let us know what you are in the mood for, and our team of spirits professionals, educators and bartenders will provision you for an exceptional experience.

THESE
CORE VALUES
ARE OUR
COMPASS

They influence how we make decisions, how we set goals and boundaries, how we grow our team, and how we hold ourselves and each other accountable. We are committed to the authenticity of these values.

IF THEY
RESONATE WITH YOU,
YOU ARE IN THE RIGHT
PLACE

O1. CURIOSITY We are curious. We encourage exploration, and we provision our guests with everything they need for their own journeys.

O2. CELEBRATION We celebrate people and moments in time. We become a meaningful and joyful part of people's lives in an environment of genuine welcome, positivity and access.

O3. GROWTH We use our resources to improve ourselves and the lives and experiences of those around us. Growth is exponential - as each of us grows, so does our community, our network, and our impact.

O4. CONNECTION We believe in the power of connection, both within our walls and without. We connect our members and guests with our most valued resources – our space, our time and our knowledge, while creating space for them to make their own connections.

O5. COMMUNITY We have a chance to make a difference in our community, and we must seize it. We create a lasting and positive impact in our workplace, our neighborhood, and our city while raising up our industry. We donate funds and time, we amplify voices, and we celebrate the generosity and goodwill of our members, staff, and guests.

WE DON'T CHOOSE OUR MEMBERS, our members choose us. Our membership is an organic assembly of enthusiasts, entrepreneurs, neighbors, philanthropists, and friends. With member nomination and community service at the heart of our membership, we are joined by the curious, the connected, and the socially-minded from all walks of life.

AN EVER-EVOLVING CELEBRATION OF THE ARTS OF DISTILLATION THROUGH CONNECTION, CURIOSITY AND APPRECIATION

WE FOSTER a diverse membership reflective of the vibrant, beautiful city we live in. Two practices are at the heart of our efforts – our Diversity Admission program and our warm hospitality. Working in tandem, the admission program helps to ensure that individuals from underrepresented communities have the opportunity to become members, while our commitment to providing an authentic and warm welcome makes every member and guest feel at home in the Library. Members are encouraged to amplify our efforts by using the nomination program to foster a membership community of many voices, perspectives and experiences.

A WELCOMING SPACE We are committed to ensuring that everyone who moves through our space – members, staff, vendors and guests – are accorded equal respect and dignity. We trust that our members, visitors, and staff will act with integrity and kindness when sharing this space.
